On the Website www.campusfrance.org you will see where to find campus France offices in your country but also many information regarding visa procedures or general information for foreign students coming to France (accommodation, educational system, cost of life, medical care...)

a) Visa exemption:

If you are a citizen of the European Economic Space (composed of the 27 EU member states, Liechtenstein, Norway and Island) and Switzerland: you are exempted from Visa and free to enter and remain in France without restriction. You only need to have a valid passport or identity card.

For more information:

http://www.rhone.gouv.fr/content/download/3034/20477/file/Etudiants_de_IEE.pdf

b) Short term student visa:

If you wish to come to France to study for a period not exceeding three months you will then ask for a short term visa also called « visa Schengen ». Holders of the visa are not required to apply for a separate residency permit. The visa is valid for the 25 countries of the Schengen Area. Provided their visa is marked "MULT" (for multiple entries), holders may move freely within the area.

Under no circumstances is it possible to renew a short-term visa in France or in any other country of the European Union.

c) Long term student visa (VLS-TS):

=> VLS-TS

The VLS-TS student visa allows you to pursue studies in France for a period of four months to one year. **It must be validated upon your arrival in France.** If you would like to continue your studies after it expires, you may apply for a multi-annual residence permit (carte de séjour pluriannuelle).

For more information : <https://www.campusfrance.org/en/student-long-stay-visa>

=> VLS-T

You don't need to validate this type of your visa upon your arrival in France. However, it cannot be renewed.

For more information : <https://www.campusfrance.org/en/the-temporary-long-term-visa-or-vls-t>

d) If you are Algerian:

A1 levels who must respect the monthly starting dates of sessions presented on

Inflexyon's website and student booklet. The same rule applies to students who require accommodation; they cannot be admitted outside their registration dates. A 48H tolerance is granted for arrival and departure. However, we strongly advise all students to follow the Inflexyon course dates as much as possible. Failure to comply with these dates may imply teaching and logistical complications that are the responsibility of the student.

Three placement tests are made between the pre-registration and the first day of classes. These tests are written but an oral test will be organized if judged necessary.

The minimum number to maintain a collective course is 3 students. A course with less than 3 students will be considered as a private course and reduces the courses time-credit remaining. One private lesson consumes two group lessons.

CANCELLATION, MODIFICATION AND REPORT – ABSENCE OR DISCONTINUATION OF AN ONGOING COURSE:

After the legal withdrawal period, there is no possible refund excluding the situations described below. Every session started is due.

- Cancellation before the course starts: we will refund the full payment except registration and housing search fees if cancellation takes place more than a month before classes start.

We keep 50% the deposit if cancellation takes place over 15 days and the entire deposit if it occurs less than 15 days before the start of the course (except for applications made within a shorter time frame). In the case of a request for accommodation reservation, if the cancellation is made 15 days or less prior to arrival, the equivalent of one month's rent will be deducted from the refund.

Finally, in the case of a student who has applied for a student visa, no refund may be issued except in the case of an administrative denial of Visa, justified by an official document of the Embassy or Consulate.

Similarly, if the student does not attend the course, or does not regularly attend classes or decides without much justification to leave the school,

no refund will be possible and Inflexyon will be obliged to report this absence to the Prefecture.

In addition, the student who registers at Inflexyon and requires a visa, acknowledges being informed beforehand of the conditions for issuing different visas and the obligation related to entering France (both on financial and medical aspects but also on the necessary insurance). No refund will be issued due to a failure of the student to comply with the procedural obligations.

- After the start of the course: no refund can be made, except in cases of "force majeure" (medical reason proved by a certificate translated by a sworn translator, list of sworn translators in Lyon are available on request), professional or education obligations are not included as cases of force majeure. In a case of force majeure, 10% of the remaining courses price will be kept as cancellation fees. All session started is due entirely.

If the refund is not accepted, remedial course alternatives may be considered on a case by case basis at the request of the student.

- Attendance is the first student engagement, his or her absence does not give right to a refund. However in the context of a student with a long-stay visa (6 months) it is possible to be granted two holiday periods of two consecutive weeks. A new date of completion of the course will be established if the request is made after the start of classes, otherwise it will be included in the original registration certificate dates. For students who do not require a long-term visa they are able to plan holidays as the course price is calculated on the number of weeks taken. If the student wishes to retain his or her accommodation during their absence, rent must be paid.

- Students may postpone their course once before the start of it if Inflexyon is informed more than 15 days before the start of the course. This report must be justified and requested in writing, and cannot be postponed more than six months after the initial date of registration. The student visa applicant must start the procedures with the Embassy at least one month before the desired departure dates, no report can be accepted for visa reception delays - if the student did not organize the trip properly, nor respect the pace imposed by this type of procedure.

- No other type of course transfer will be accepted, except in cases of "force majeure" (justified medical reasons as stated above). Classes missed by Au Pair students due to family obligations can be made up either after or before the expected absence but still within the maximum period of registration. Indeed taking a French course is a legal requirement for the Au Pair status. With this exception, which entitles to preferential rates, Au Pair students have the same rights and obligations as other students.

- A student may change his registration if desired, to a higher registration in time and budget than the initial registration.

- Courses may in no case be transferred to another student.

- Inflexyon reserves the right to cancel a course. Participants will be informed as soon as possible and will be fully reimbursed.

INSURANCE:

Inflexyon agrees with the various insurances required by its activities.

The health, accident and liability insurances are the responsibility of the student who must contract a personal insurance covering travel and accommodation risks. Information on the different types of insurance are available at the school administration office.

CERTIFICATION COURSE:

An certificate of studies mentioning the title of the course, its start and end date as well as the level reached by the student according to the CEFR and detailing the grades for the five main skills, is issued at the end of training on request and if the student was present at least 70 % of its courses. This certificate contains the students' individual marks (part of which depend on the students' achievement of the monthly assessments) and attendance.

Life in Lyon

1) Social security, health care

You must be protected in case of an accident or health problems. Before arriving in France, get informed on your situation, check if there are any agreements between your country and France that could continue the scope of your health care insurance abroad.

a) If you are part of the European Economic Space and Switzerland:

- You benefit from medical care of your country with:
 - The European health care insurance card (CEAM)
 - The temporary certificate of this card delivered by your country
 - A certificate of affiliation to a private insurance
- ✂ You don't need to affiliate to the French Social Security
- You don't benefit from medical care in your country, you need to affiliate to social security in France:
 - Obtain a special health insurance from the French social security called the "CMU" (*couverture médicale universelle*).
 - Contracting a private insurance

b) If you are not part of the EU and Switzerland:

You must contract medical care insurance:

- The CMU (*couverture mondiale universelle*)
- Private insurance

Website of the French Social Security: www.ameli.fr

Website of the student assistance: <http://www.assistance-etudiants.com>

Information delivered by Campus France:

<https://www.campusfrance.org/en/healthcare-student-social-security>

2) Liability insurance

You must contract a liability insurance that will insure you in case of damage caused to others.

You can take out the insurance directly at the bank.

If not, you can easily take out insurance at ADH online:

<https://www.assurances-etudiants.com/en/5349-student-accommodation-insurance-prices-warranties.html>

(The 2nd formula for liability insurance)

3) Housing insurance

If you rent an accommodation (student residence for example) you have to contract housing insurance to protect you in case of damage (fire, water damage, robbery...).

The insurance ADH cited above insures your accommodation too (in general, we recommend the 2nd formula).

4) Financial housing assistance : CAF (caisse d'allocation familiales)

Foreign students who rent housing have the same right to social assistance as French students: the *Allocation de logement à caractère social* (ALS) or the *Aide personnalisée au logement* (APL), depending on the type of housing. Payments are made by local family assistance funds (*Caisse d'Allocations Familiales*, or CAF) (www.caf.fr). Our office for students will be able to help you apply to the local CAF for this financial assistance.

To ask for financial assistance you must fill in an application form.

You can find it on the website of the CAF and download it at: www.caf.fr. If you have any difficulty while filling in the form, please come to the reception at Inflexyon, we would be glad to help you.

Good to know: the Caf of Lyon publishes a practical guide on useful and helpful information how to fill out the online demand (in English, Spanish, Chinese).

Vous souhaitez valider votre niveau et vos connaissances de la langue française par un véritable Diplôme, valable toute votre vie ?

Vous souhaitez étudier à l'Université en France, ou devenir professeur, interprète ou encore traducteur de français dans votre pays ?

Le DELF (Diplôme d'Etudes en Langue Française) et le DALF (Diplôme Approfondi de la Langue Française) sont des instruments de référence internationale destinés à évaluer le niveau en langue française des personnes non-francophones. Ils sont conçus, diffusés et administrés par le Centre International d'Etudes Pédagogiques.

Il existe :

- Une série d'épreuves communes tant à l'écrit qu'à l'oral, servant à évaluer ces 3 critères principaux : Compréhension Orale, Compréhension écrite, Expression écrite.
- Une épreuve de production orale, permettant de valider votre capacité d'Interaction Orale.

Les diplômes (DELF, DALF) sont indépendants : vous pouvez passer celui que vous souhaitez. Ils certifient la maîtrise des quatre compétences langagières. Ils sont valables à vie sans limitation de durée.

Afin de mettre toutes les chances de réussite de votre côté, Inflexyon propose des formules de préparation aux examens du DELF et DALF. Mais aussi, des cours particuliers à un tarif préférentiel peuvent être organisés pendant votre séjour à Inflexyon.
